

To the GENTLEMEN, CLERGY, and FREEHOLDERS of the

COUNTY of SOUTHAMPTON.

GENTLEMEN,

SINCE every effort to secure the Peace and Tranquility of the County, has faild of effect through the ambitious views of those, who support Sir W. Heathcote & Mr. Chute, we presume to think that the junction of those Gentlemen make it necessary for us to unite in vigorous efforts, that we may preserve our own independence and that of the Freeholders at large, against a combination, supported by the whole weight of the undue influence so prevalent in this County: a power which nothing but the zealous & warmest exertions of the independent Freeholders, can at any time resist. We therefore with confidence, venture to solicit your support at the Poll, and to assure you that the independance & interest of the County, will ever be the object of our attention & care.

We are, with the utmost regard and respect,

Gentlemen,

Your most obedient and faithful Servants

Winchester, 15th Jan. 1790.
